The First50 is an exclusive group of people who are improving the services available to Australia's most marginalised people. As a member of the First50, you will have opportunity to get closer to the projects run by The Difference and align your giving to the social health issue that most resonates with you. On two occasions through the year, we will offer face to face networking events to update you on the progress of our work as we negotiate with governments, corporates and charities on the agenda we have for better charity transparency and effectiveness and more informed giving.

In recognition of your support, you will be formally thanked on The Difference website and in the magazine and receive a signed copy of one of the First50 copies of The Difference.
